#### NEW MILLINERY

FOR THE HOLIDAY TRADE AT  
Miss Power's  
Millinery Parlors  
BOSTON BLDG., FORT STREET.

For the purpose of providing weekly entertainments for lodge members without trespassing upon the lodge treasury and with the ultimate aim of aiding in the establishment of a permanent degree staff, the members of Penn township lodge of Penn township have organized a lodge association. Regular weekly dues will be charged, and it is proposed to develop the association as an aggressive auxiliary to the work of the lodge proper.

The order in British Columbia has a subordinate lodge membership of 2000. There are 400 encampment members and 600 members of the lodge proper.

It is better to secure each month a few good members, than to have a large number of those who will not show any interest or will drop out after a few days.

Any past grand in good standing in his encampment, subordinate and the lodge lodge can visit the sessions of the sovereign grand lodge.

Edwin M. Sloan, grand secretary of the order in Missouri, who died recently, had held the office thirty-eight years and had been re-elected for another year.

The official name of the new home at Manhattan, Kan., is the Odd Fellows' home.

The reports of the Massachusetts Rebekah lodge for the year 1895 show a membership of 20,382, being a gain of 881 for the year under Grand Master Fuller's administration, the largest gain for the past six years.

#### UNITED WORKMEN.

See That Your Certificate is All Right—Workshop Notes.

When did you see your beneficiary certificate last? Whom is it payable to? Many cases have occurred where changes ought to have been made, but were neglected and have caused trouble after the member's death. For instance, a member's wife dies, and he neglects to name another beneficiary. The grand lodge has defined his heirs at law in order to pay claim. This takes time, and sometimes the courts have to adjust the matter, but if the member had attended to the matter in his lifetime this would be avoided. Look up your certificate, read it, see that it is all right and that the beneficiary is the proper one, and if not have it properly changed without delay—Guardian.

The Pennsylvania jurisdiction began the year 1906 with a membership of over 10,000. Good gains have been made each month.

The grand lodge of the Degree of Honor of Washington has now passed three months in succession without an assessment.

Don't forget that those dependent upon you have a right to expect that you make provision for their future. There is no better way than keeping up your beneficiary certificate.

The Nebraska jurisdiction has paid in death benefits since organization \$3,400,000.

#### KNIGHTS OF PYTHIAS.

To Prevent the Suspension of Members—Pythian Briefs.

Lodges should make an effort to re-instate suspended members and prevent the suspension of those likely to be. The M. of P. should correspond with absent delinquents and personally visit resident ones. It would be well if others of the lodge visited such brothers from time to time and let them know that the lodge is interested in them and desires to retain them as members. Frequently good men get out of the habit of going to lodge, become careless about keeping up their dues and are finally suspended, when the manifestation of a little interest by their brothers would induce them to again become active and save to the order a good member.

Over 60 per cent of the subordinate lodges throughout the supreme domain have an endowment rank section.

Many of the grand lodges have taken up the subject of Pythian education and by resolution or otherwise have given this great movement much encouragement.

The net resources—that is to say, all resources of the endowment rank over and above its liabilities—amount to \$1,300,000.

A "Hunter" class in honor of Grand Chancellor Hunter of Iowa was organized recently and a large number of candidates secured.

#### RED MEN.

Presidents Who Have Been Members of the Order—Along the Trail.

Since the adoption of President Roosevelt into the order greater enthusiasm has taken hold of the membership, and every tribe is increasing in numbers. It is not generally known that Presidents George Washington and John Adams were members of the parent body, the Sons of Liberty, also every signer of the Declaration of Independence. President McKinley was elected to membership in Fleetfoot tribe, Canton, but was never obligated.

The Red Men of Mattoon, Ill., adopted 100 faces in cold money. The thirteen tribes of Camden, N. J., have 4,158 members and 79,500 fathoms of wampum. Last great sun they paid 16,633 fathoms for sick and 5,100 fathoms for funeral benefits.

Recent reports show a membership of 44,000 in Indiana, a net gain of 1,100 during the past year.

One of Indiana's strong tribes is Hawatha of Indianapolis. It expects to pass the 1,000 mark in membership shortly.

Pure blood makes the skin clear, smooth, healthy.

Impure blood blotches the skin with pimples, sores, boils, eczema, eruptions. Mr. C. W. Martin, Keelstown, Va., tells of the bad condition he was in, and how he was cured by

## Ayer's Sarsaparilla

"Shortly after leaving college, I was troubled with a skin disease which showed itself first at the ankles. Physicians pronounced it eczema, and treated me for that

complaint. The eruption crept slowly up my limbs, and on the body, until it enveloped the whole frame. It gave me infinite trouble, with constant itching, casting off of dry scales, and a watery liquid which would exude from under the scales. I treated it for over three years unsuccessfully, and was unable to check it until I began using Ayer's Sarsaparilla. I used three bottles of this medicine, and was completely cured—my skin becoming as smooth and clear as before."

There are many imitation Sarsaparillas. Be sure you get "AYER'S." Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

## "SAVE-THE-HORSE" SPAVIN CURE

Wm. Larsen, Manager.

SAN FRANCISCO

NOVELTY LEATHER COMPANY

412 Market Street

San Francisco, Cal.

Dear Sir:—I used your "Save-the-Horse"

on two Splints, on inside of

front legs, interfering with the cords

of the leg and causing lameness so

badly that a very short drive would

make the horse set the "part of a crip-

ple." After using two bottles the

lameness is gone and the splints dis-

appeared entirely.

Yours truly,

WM. LARSEN.

I treated my horse, which had a bad

bone spavin, with "Save-the-Horse,"

and it entirely removed the blemish.

I never saw anything to equal it. Mr.

Chas. Welby and several horsemen,

who are friends of mine, tell me they

had equally as good results as myself.

Yours truly,

JOHN N. NOWLAN.

Costs from \$5 to \$25 for repeated firing, horse must be laid up for several months; not 5 per cent. of the caps are cured. Blistering is less effective. Mercurial preparations produce irreparable injury.

"SAVE-THE-HORSE" eliminates all these factors. Cures without scar, blemish or loss of hair.

Positively and permanently cures Spavin, Ringbone, Thoroughpin, Curb, Splint, Capped Hock, Wind Puff, broken down, bowed or strained tendon or any case of lameness. Horse can be worked as usual and with boots, as no harm will result from scalding of limb or destruction of hair.

\$5.00 per bottle, with a written guarantee, as binding to protect you as the best legal talent could make it.
